CLAIM EXPERIENCE

No claims are associated with this insured under this policy.

* Please note: The Company seeks to exercise reasonable care when compiling coverage and claim information for its own business purposes. When providing this information to any third party, neither the Company nor any of its affiliates or their respective agents, representatives or employees make any representation or warranty of any nature as to the accuracy or completeness of the information. This report may not reflect claims activity, including payments, within the last 30 days. The Company disclaims any liability for the use of this information by third parties to whom the information is furnished by, or at the request of the Member. In transmitting this information, the Company cautions recipients that the Member has not authorized further release to any person or entity other than the person or entity named on the consent form provided to us. The Company's reporting of any claim does not imply any wrongdoing on the part of the Member. Allegations often bear little resemblance to the facts ultimately developed during the litigation or screening-panel process. Allegations can change and are frequently abandoned. The Company reports only those claims which have been active within the last 10 years. Information regarding coverage is not a guarantee of coverage for any specific incident, or a guarantee that coverage will continue in the future.
